**2** *Texas & the Beef Industry*

**3** *Hotel Information*

**4** *Weather – April (Typical Conditions)*

**5** *Agenda Preview – Global Beef Summit*

**6** *Closing Message*

## 1 Greetings

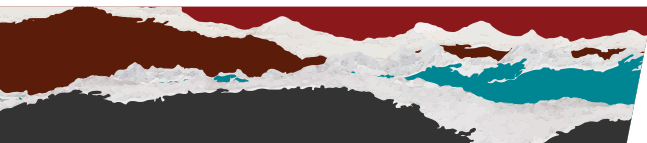

### ***Dear Global Beef Summit Attendees,***

*Welcome to San Antonio, Texas, the heart of the American cattle industry and one of the most influential beef production regions in the world.*

*Texas leads the United States in cattle inventory, with over 12 million head, representing approximately 15% of total U.S. cattle production. This region defines scale, efficiency, and innovation in beef systems globally.*

*Attending the Phibro Global Beef Summit reinforces your commitment to technical leadership, operational excellence, and strategic partnership across the beef value chain.*

***We are proud to welcome you to San Antonio.***

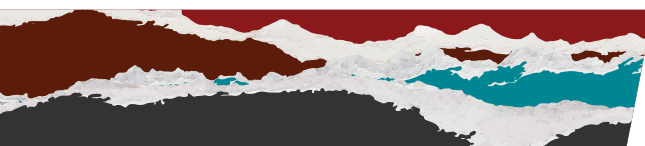

## 2 Texas & the Beef Industry

*Texas is a global benchmark in beef production, leading in:*

- *Cow-calf operations*
- *Backgrounding systems*
- *Large-scale feedlots*
- *Export-driven beef processing*

*The beef sector contributes billions annually to the state economy and supports employment across veterinary services, feed manufacturing, genetics, processing, and logistics.*

**3** *Hotel Information*

***Hotel: Kimpton Santo San Antonio - Riverwalk***

***Location: Downtown San Antonio, Texas***

***Address: 431 S Alamo St, San Antonio, TX 78205***

*The Kimpton Santo blends modern luxury with historic architecture, providing a refined setting aligned with the strategic nature of our Summit.*

## 4 Weather – April (Typical Conditions)

*During early April (April 6–7), San Antonio typically experiences:*

- *Average High: 78–82°F (25–28°C)*
- *Average Low: 58–62°F (14–17°C)*
- *Generally warm days and mild evenings*
- *Low probability of heavy rainfall*

*Recommended attire: Business casual for sessions; light layers for evenings.*
